## PROFILE

Data Analyst skilled in **SQL, Python, Power BI, Tableau, and Excel** with the ability to clean, analyze, and visualize data to solve business problems. Hands-on experience through a 3-month internship and real end-to-end analytics projects. **Strong in data cleaning, dashboard development, exploratory analysis, and performance reporting.** Actively building a project portfolio to transition into a full-time Data Analyst role.

## SKILLS

**Data Visualization & BI:** Power BI (DAX, Power Query, Data Modeling), Tableau (LOD Expressions, Storytelling).

**Database & SQL:** MySQL(Joins, CTEs, Window Functions, Subqueries).

**Data Analysis:** Python, Excel (Pivot Tables, XLOOKUP, Macros), EDA, KPI Design.

**Tools:** GitHub, PowerPoint.

**Core Competencies:** Data Cleaning, Root Cause Analysis, Dashboard Design.

## PROJECTS

### Manufacturing Operations Dashboard | Power BI, SQL, Excel

- Built an end-to-end BI solution using a Star Schema data model to optimize performance for large-scale manufacturing datasets.
- Utilized Power Query for ETL processes to clean raw logs and calculate customized logic for "Production Efficiency" and "Cost Variance."
- Created dynamic user experiences using Bookmarks, Page Navigation, and drill-through capabilities for granular defect analysis.

## PROFESSIONAL EXPERIENCE

### Data Analyst Intern

| AI Variant, Bangalore | 2025

- Cleaned and analyzed datasets using SQL, Excel, Python.
- Built Power BI/Tableau dashboards for internal metrics.
- Automated recurring Excel reports. Automated recurring Excel reports.

### Intern | National Highways Authority of India

(NHAI) | 2024

- Supported data logging and documentation for construction and testing processes.
- Coordinated with engineers to understand operational workflows and reporting requirements.

## EDUCATION

Bachelor of Civil Engineering,  
The KLE Technological University, Hubli, Karnataka.

Dec 2020- OCT 2024

## CERTIFICATIONS & COURSES

Data Analytics Course – Completion Certificate
